Subject: Thanks be to Allah

Theology of jihad.doc (application/msword) 296K

Peace and Allah's mercy and blessings be upon you

My beloved brother Aba-al-Ayyubi, let me start first by answering the last question in your message

May Allah forgive both of us O' Aba-al-Ayyubi because I am subject to the same thing you are talking about: How do I know that you are not cooperating with someone to frame me, my honorable brother? What I do concerning this matter and many of the matters that are known only to the Lord of the universe, is the continual asking for guidance, sincere intentions, fasting and praying, and relying on the Lord of the universe, exalted and elevated be His name. I say this my honorable brother and I am full of appreciation for your concern and caution, for by Allah whom there is no God but Him, it is better to lose contact with an honorable brother rather than seeing harm befalling any believer, and Allah willing you will remain cautious until what we desire takes place

Allow me to bring to your attention a point that we had agreed upon in my last message and that was to send a message to Ghalib in which you ask him about his health and how he is doing so that I would know that there is something waiting for me in this folder, and if I had not decided to examine the folder today I would not have known that you had sent something

My beloved brother, our work requires patience and discipline and strict application, and subsequently knowing if there is any danger that threatens one of us when there is a break off in communication, and here we are at the start of our march so how will it then be if we advance in our project without doing what is required?

My beloved brother, much has been written about the theology of jihad and what relates to fighting the unarmed and the children and the women and the elderly, and even about how to deal with the prisoners and those killed from among the infidels, and Allah willing you and I and all of the mujahidin agree on what you mentioned in your message in regards to the targets and the consultation and all of the rules of jihad for the sake of

Allah, and my prayer for me and you is that Allah may He be praised and exalted increases our faith and knowledge and the sincerity of our intentions in what we desire. I have attached in this message a book by Shaykh Yasir Burhami, which clarified for me some of the matters that I had doubts about, and I hope that it will be of use to you as well

As for the tools and experience, thanks to Allah for His blessing and grace and what we need is available, and what I would like you to know O' Aba-al-Ayyubi is that we are going on this path, by the Almighty's permission

The distinguishing feature of the mujahidin, O' Aba-al-Ayyubi is the faith in Allah and reliance on Him above anything else, and discipline and the precision in execution, contrary to the barbarian infidels who burn what is green as well as what is dry in their usual stupidity and arrogance, therefore to hell and the worst of fate, while we enjoy the company of the Beloved Chosen One and the companions and that of those who earned martyrdom for His sake, glory and praise be to His name

May Allah bless and keep you my beloved brother

Your brother Al-Karkhi
